A modern apartment in the centre of Bristol

The Lady:

Beautiful breast but she bore little resemblance to her severely photo shopped photograph, she was covered in warts and was very fat. A polish Hattie Jacques would be the best description

The Story:

What a thoroughly disappointing punt with a thoroughly disinterested woman who had a poor attitude and looked awful.

From the 'reviews' I had read about Simone I was expected a a curvy women with a warm playful personality. Instead, a rather severe woman who looked and acted like a hospital matron and seemed to be full of attitude.

I arrived at our meeting on time, and from the outset I knew it was going to be a poor session as she commenced to moan about the weather, demand payment and then list a litany of do's but in fact they was mainly don'ts..(no RO, no fingers, no DFK i.e. not the GFE as promised). I stayed for 30mins only and I was surprised I was able to summon an erection let alone orgasm, but just wanted to sploosh and leave.
