The Lady:

Attractive mixed race Caribbean girl. Early 20s, about 5'6" with fabulous tits. Am not usually a tit man but hers were so well proportioned I think I have been converted. Site says GG and I believe it. Fully shaven below.

The Story:

After arriving in designated area quick call confirmed actual flat number. Independent Angels operate from a large block but do move flats periodically so best to call to confirm.

Lori ushered me in wearing high heels and a nice bikini set. After sorting out financials took up her offer of a shower. Lori arrived in the room a minute or so later and joined me on the bed. Started off with some light kissing before I helped her undress. A quick tittie fuck had me standing at full attention after which she gave me a quick suck.

Lori asked me what I liked and went through what was on offer. OWO both ways and sex were standard with CIM an extra ?20. Decided to go for the full works.

So after going down on each other including some very nice ball licking, she hopped on top for a 69. Rubbed up for some nice fucking in a few positions before I felt my orgasm was impending.

Lori laid back as I moved up to lean over her chest and came in her mouth. She let me stay in her mouth until I composed myself and then discretely spat into a tissue.

A bit more kissing then a quick shower as time was approaching and she let me out.

All in all a very enjoyable punt.
