The Premises:

Contacted Discerning Helen via her TheWYSG profile with regard to a meeting (think this is only place she advertises now), one hour sensual massage with HE for ?70. I was given clear and concise directions to her lovely home where she works from, plenty of on street parking with no apparent nosy neighbours.

The Lady:

On arrival greeted with a kiss by attractive middle class lady of about 50 years of age, tall and very slim, with short fair hair and business taken care of, asked if I would like a drink, coffee and biscuit accepted.

The Story:

I was then shown where the action would take place, she has massage room, with low lighting and sensual music playing. An assisted bath takes place first, so you are nice and fresh for the action. Discerning washes you bits and then leaves you to dry off and enter the massage room.

On entering massage room she was lying on the massage table dressed only in bra and panties. What a great body this lady has, some great kissing before being invited to remove her bra and get my lips on to her responsive breasts, while she started work on my fast hardening cock.

She then asked me to lie face down on the massage table and started to massage me with oil, she pointed out that there was a mirror on the side wall that I could view what she was doing. She worked her way up my body with firm and light strokes interspersed with some light kissing of my back and neck, at some point her panties were discarded too. She guided my hand over her breasts and then to her pussy leaving it there just long enough. She then climbed up on top of me and started sliding up and down my back, rubbing her breasts and pubic area into me, what I sight in these mirrors.

I was then invited to turn over and she paid particular attention to my cock, with more kissing and sliding, this is the nearest thing to penetrative sex without having penetrative sex, nothing is rushed, taking you to the brink then back down again more than a few times, so by the time I was ready to cum, it was like an explosion, even then no rush, she cleaned me up and then invited me to join her

in the bath to wash away the massage oil.

After offered and accepted another cup of coffee and a chat, never rushed at any point!
This Discerning experience, if you don't want penetrative sex is pure bliss and I would
recommended it to anyone. I will be back!
