The Premises:

Discrete location near holiday inn, not the smartest of establishments, I wasn't taking any decorating tips. ?Access is on a side street of the sea front, you step in the lit doorway and ring the bell, you'd be unlucky if someone walked by and saw you waiting for the door to be answered. ?

Never seen so many girls in one place, I lost count, I certainly couldn't remember all their names. Suffices to say there was plenty of choice, something for everyone.

The Lady:

Slim, blond slightly tanned, attractive 19, 34c the web says, I'd say slightly larger than a C, but I'm no expert.

The Story:

Well she went through the motions and we got to the end result, but she wasn't interested in me, I enjoyed it but I pretty certain she didn't, may be she was tiered, perhaps it had be a long day, perhaps I'm being too sympathetic and for 60 of hard earned she should fain interest.

Would I return, yes. ?Would I see Paula again, maybe, but perhaps one of the other Girls would be more interested, in me??
