The Premises:

Well known parlour near Staples. Feels a bit exposed as you approach and leave.

The Lady:

The photos of Millie are accurate although maybe a little flattering. She's lovely nonetheless and has a great body.

The Story:

I chose Millie simple because I was curious to spend some time with a black girl and her photos were great and reviews decent. But overall, this was an average punt. Millie kisses very nicely and OWO was good. She's friendly with a good attitude but our time together wasn't memorable.
