### The Premises:

The terraced house just off the main road through Islington is immaculately presented with scented candles and tastefully decorated. I was met by the maid who showed me around and introduced me to two ladies in double rooms off a landing. I felt safe throughout my time there.

### The Lady:

I chose Emily over Vicky as she was slightly smaller in height than me and her lovely face and large breasts immediately excited me.

### The Story:

Emily has the most magic of touches with a gentle massage technique. This inevitably led to the arousal of my little man that she stroked from between my legs not forgetting my sack and crack. She kissed me softly and proceeded to provide a rimming service that took me by surprise but thoroughly enjoyed the experience.

Turning me over she continued to caress and kiss me before taking me in her mouth as far as she could. Slowly flicking her tongue whilst bobbing up and down proved too erotic a sight and so before too long I came buckets which she took and then expertly discretely spat out into a tissue. After she had left me for a minute or two to freshen up she returned to continue in caressing me until the inevitable knock on the door.

A most unbelievable punt that I will inevitably repeat very soon.
