The Premises:

Good location as previously described. I think others may have been a bit over enthusiastic about how nice it is, but it's perfectly acceptable.

The Lady:

Nice tanned physique, very petite, inverted nipples which only emerge once properly aroused. At the time of the visit Vanessa had still not recovered from some peeling on her legs from the sunny weekend 10 days ago which as a shame. I know it's being fussy, but I think it would also be nice if shaven girls are freshly shaved without the stubble.

The Story:

I agree with others about what a nice girl Vanessa is (I still struggle with the name, I wish she would use a Spanish name, rather than an English one), very bright, with a marketing degree and a masters up next. She is charming and attractive and attentive, but a little too mechanical for me in going through the motions and the "dirty talk" was very formulaic.

After helping me to a fairly quick orgasm to start with as requested (thanks Vanessa!), I was hoping for a nice relaxed time to get me back in action for round two. I started this with some reverse oral, a favourite of mine which produced a nice natural orgasm from Vanessa, and I often find this loosens girls up to be more natural, but not this time and this is where she lost me a bit.

To be fair I was very tired having been up very early for flights two mornings in a row, but I just couldn't manage a second time and came away feeling I'd met a nice girl and had a relaxing time, but not up there with the best for a natural performance. I think WG's probably have to be a few years older to really be capable of that. Sorry Vanessa, you are lovely, but I think other punters had set my expectations too high. But she does kiss like an angel, no argument from me there!
