### The Premises:

My first time at Annabella's: large, comfortable bedroom in an easy to find town house near John Lewis.

### The Lady:

Has been accurately described many times in previous FRs: suffice it to say that descriptions and photos on website are accurate but in no way prepare you for the effervescent and lively force of nature that is Pixie

### The Story:

Pixie wastes no time on introductions and small talk - when I pointed this out she growled prettily in an utterly beguiling accent: "I use every minute to give you pleasure!".

She was as good as her word as she ran through her repertoire of pleasure: fantastic OWO, DFK and HR had me exploding in her mouth within 20 minutes. This was after a highly pleasurable bout of RO (for her as well, I think).

I had already said that I was only likely to come once but wanted to see if a second pop was possible. She clearly regarded this as a challenge and did everything possible to get me to the brink again using a few items from her box of tricks, including a blindfold and small vibrator that at one point found its way mysteriously up my arse. It was not to be but, as they say, we had great fun trying, with sex in a variety of positions.

We finished up in the shower together: a lovely way to conclude a brilliant hour.
