The Premises:

Located on a main Chelsea road. Very safe area, safety not an issue. Ample parking all around. Flat block was slightly lower end of the market, flat was clean inside.

The Lady:

Her pictures are fairly accurate, except that she is now a blonde. A very fit / toned beautiful body with a very pretty face.

The Story:

First, she made me wait while she arrived back from wherever she was. When I got into the small flat, she had her flatmate in the kitchen (another gorgeous girl). I was offered a two girl but I only had money for one. She asked me to undress and wait for her. She came in, got onto the bed, put a condom on me and sucked me for exactly 15 seconds. Then she got on top and started moaning like she'd been fucking for an hour, while I was still wondering what the hell was going on. She told me to get on top, but from the angle she kept her legs at it was more a wrestling match than fucking, she squeezed me till I came, got off the bed, went into the kitchen and got dressed. This was all of 20 minutes from the time I entered her flat. She obviously wanted to be elsewhere. All in all, I did get screwed, but not in the obvious sense. Stay away from this girl. She has a beautiful body and a face to go with it, but she is not interested in giving the client a good time, only for him to cum asap and get the hell out. There are better out there.
