### The Premises:

The rooms at Annabellas agency are really well looked after with nice big beds, mirror, and plenty of space. Decent beds too.

### The Lady:

Ellie looking stunning in high heels, bra and knickers. Tall, slim and beautiful eyes. She has the perfect ass, and a great pair of tits. She says the original pictures on the website were from her phone, and I chose to see her today based on those. In real life, she is even better. I was impressed and knew I had made the right choice.

### The Story:

Ellie has a gift. Her passion was just mindblowing. I openly admit that I fancied her and felt her very easy to talk to and engage with when she came in the room. Something just connected and clicked. On that basis alone I knew I was in for a great time. She is new to this profession so to speak (clearly not new to sex though), and that really helps because she has a fresh approach to girls that have been doing it for years and are now somewhat bored with it. Her ad-hoc non scripted method was to basically connect with me, and give me sex to die for.

The sex was amazing and in each position I felt she was having just as much fun and pleasure that I was having. This was not robotic.. it was 'roll around the bed fucking brilliant' :-). She tasted great and kissed deep and intensely. She finished me by mouth and hand at my request whilst staring into my eyes. Perfect.

I had no regrets about choosing Ellie today. She earned her tip on top of the base charge by making me feel like I was 19 again. Its rare to come across someone who you just connect with and experience full on passion.

Hope she sticks around so I get chance to see her again.
