The Story:

This was my first LMP party and probably not my last (although it took me months to have everything fall into place so I could attend so not sure when the next one will be).

Was let in and shown where everything was so undressed, showered, robed up and then went upstairs. There were about 4 other guys sitting around with all the girls. Somebody offered me a drink so I sat nervously gulping down a juice just staring like an idiot at all the pretty ladies on offer then dead on 1pm all of a sudden somebody shouted 'party time' and within 2 seconds everybody was downstairs. They really move fast here!

I followed them down and walked around the various rooms seeing what was going on. There were already bodies all over the place but Jodi was free and beckoned me over. I took off my robe and lay on the bed next to a guy who was getting a blowjob from Vanessa. Jodi started nice and slow with a blowjob and then on my request she condomed me up and got on top for a ride. We switched to doggy and then it all became too much and I pulled out, Jodi rolled onto her back and I came on her stomach while fingering her.

Went to get cleaned up quickly and then went upstairs for another drink. Had this rather quickly as the thought of all those lovely ladies downstairs waiting for me was just too much. Got downstairs to find Vanessa free so took advantage of this by receiving some lovely oral before she climbed on top and then we tried some doggy. While doing doggy with Vanessa Misha came in the room, knelt

beside me and started to suck my nipples. I disengaged from Vanessa and started to fondle Misha which led to a blowjob, her on top, mish and finally some pussy eating. While I was doing this another gentleman came in and Misha started to suck him off so I thought I had used enough of her time so left them to it.

Went in to another room to find Rachel all alone. She was just about to get a drink so I accompanied her upstairs. We had a brief chat and a drink and then came down for some fun. This was her first party too and she seemed to be enjoying it as much as I was. Once in the room she started talking dirty to me (which I love) and then got to her knees for a blowjob. This led to her sitting on top of me then she turned around and the site of her arse while she was bobbing up and down on my cock in her 6 inch black heels was certainly something to behold. After I took about as much of this as I could I told her I needed to eat her pussy so a nice 69 session led to my second pop of the day.

While I was lying there recovering Misha came in and started to stuck my cock. I told her she was flogging a dead horse but she kept at it determined to get something out. After a lot of sucking and hand work I excused myself as I knew nothing was going to happen as much as she tried.

Back upstairs for another drink or two. Downstairs again. One room had Monique and Vanessa pleasuring one guy so Monique disengaged herself and came and proceeded to give me a lovely hand job and blowjob followed by her on top and finally mish which led to me cumming on her stomach.

A quick clean up and then back upstairs. Met Jadya in the Kitchen for a chat (her pictures of the website really don't do her any justice at all). We went downstairs and she started to give me a blowjob but another guy came in and she swapped to him for some reason with Vanessa taking over seamlessly. We were getting near the end of the party at this point so everybody who was left came into the same room. Vanessa continued with the blowjob and a hand job and was quickly joined by Jodie who took over with a hand job. I beckoned Jadya back over and she continued with the hand job and a blowjob. Rachel came over and got into a 69 position and proceeded to suck and wank me off trying to get me to cum one more time before the party ended while I ate out her lovely pussy. Finally pop number four came just at the end, all brilliantly timed.

Got into a shower and had a washing down from Lisa (who I didn't get to party with unfortunately) and then 5 minutes later I was outside in the sun with a big grin on my face and very, very empty balls.

I didn't count the number of guys there but it was no where near the 2:1 ratio maximum so there was always someone on hand for some fun.

Very well run and very relaxed.
