The Premises:

A discreet, elegant flat in a residential area near the centre of town. Plenty of parking in surrounding streets.

The Lady:

Like legs? Amber, at over 6', has the most beautiful long legs I've seen off a Vegas stage. Like tits? Amber's are huge and natural (34F, she says). She is 28, slim, with loads of long, wavy brunette hair, wicked pale grey eyes, a broad smile, a great arse and a neat and beautiful shaved pussy. All in all, a feast for the eyes - and one that you can feed on to your heart's content!

The Story:

I was greeted at the door by Amber's butler, a good-looking chap in a tail-coat who showed me up to the flat with barely a word, offered refreshments then made himself scarce. Very swanky, but also very practical, since it meant that Amber was waiting for me in a tiny maid's outfit with those legs encased in black stockings and, as I rapidly discovered, no panties. It also meant that I was able to order beer or coffee to refresh me when things got hot (as they soon did). Charles delivered them to the bedside without batting an eyelid as I slid in and out of Amber's arse! Apparently, she puts on a show with him and they service couples together when required. I didn't need a show. I was already rock hard and drooling as I entered the bedroom. Amber's a bright, down-to-earth girl with a great sense of humour. She kissed me passionately, paid attention to all of me, sucked my cock and balls beautifully, then put on the condom and mounted my cock and rode it until either she came or she deserves an Oscar. A breather, a giggle and a chat and then she crouched on the bed and I eased gently into her tight little arse. That was when she suggested a drink for which I was very grateful. It was one of the best fucks ever. She says she doesn't do CIM, but she opened her mouth wide, took it porn-style on her lower face and tongue and licked it up with relish. Wow. I left with an affectionate kiss and smile which kept me perked up all day. I was drained and my legs were wobbling as I made my way back to the car, but no sooner had I sat down than I wanted to return for more of the same. I'm still smiling at the memory now.
