The Premises:

Hotel in the city centre, chosen for its discreet access. Road access is tricky, not quite as the satnav has it

The Lady:

Very sexy thirty-something blonde, very slim with a big pair that undoubtably would have some alluding to a certain range of dolls, sex toy more like.

Fit and athletic, wearing a basque, g-string and heels. No fat, couple of tats, lots of sex appeal.

The Story:

I have been aware of Lisa since she did a spell in MK a couple of years back, and have missed her a couple of times as well. Something I instantly regretted once she started running her nails up and down my scrotum.

Everything seemed to be OK with her so we just went naturally from activity to activity and position to position. She has a distinctly dirty streak with plenty of verbal encouragement, wicked eye contact during oral, and a desire to get herself well serviced.

While I was resting and wiping the sweat out of my eyes she made me a cup of tea and proved to be as friendly and social when we were just lying together stroking each other as she was horny and dirty when we were doing our best to dismantle the bed.

I have a feeling I know how I am going to use up most of this year's punting budget.....
