### The Story:

Abbie is new to Elite and her pics certainly ticked my boxes. Brunette, busty and bootylicious, this was set to be an encounter to brighten a rainy summer's day.

I was somewhat taken aback when Abbie opened the door and recognised me, as I really couldn't picture her. We had met before (as escort/punter) in a prior working girl incarnation of hers. Then her hair was straight and brown, now it was longer with masses of black curls. I remembered after some prompting, and fortunately our memories were all good!

In her twenties, Abbie is petite and her figure is kardashianesque. Her lips are bright red and those eyes are really quite something. I was also thrilled by her clothing, wearing sexy black dress with zips for easy access (pleasingly, she was wearing nothing underneath). We fell into passionate kissing very, very quickly. And her moans and responsiveness made my cock bone hard from the outset. She told me she'd perfect her depththroat technique since our last meeting and promptly fell to her knees to prove it. I nearly came in record time. What a great start.

I urged her to the bedroom where the fun began in earnest. Naked, in nothing but a tight leather jacket and heels (which I'd noticed and asked her to put on), Abbie now looked pornstar sexy and I was desperate to taste her flower down below. Her pussy was wonderfully responsive and now she was keen to pleasure me once more. Her cock handling is exquisite ? boys, the girl is a natural. Some girls have the gift, many don't, but Abbie's play with my penis was out of this world. But I wanted to fuck her first?

The fucking was hard, fast and fairly intense, with lots of filthy talk to enhance our fun. The chemistry between us felt great too. She urged me to cum in her mouth ? I felt honoured by this suggestion and eventually complied. What a reunion.

I seriously could have stayed in bed with this girl for hours, her body gave me so much pleasure ? holding, fondling, grabbing, smooching, writhing?

The outside the rain?s pitter patter really didn?t matter. I?d got the Abbie habit, and it was very good.

Highly recommended.
