The Lady:

Helen is a very attractive lady and i would guess around 50ish. She is quite tall, leggy and slim with a body many younger girls would be proud of. She has short styled hair and wears glasses which i think adds to her sex appeal. She would make a great naughty secretary!

The Story:

This was my first visit to Helen after reading a previous FR and being tempted by the service on offer which is a sensual massage with happy ending. On entering the house was greeted with a kiss and the offer of a drink. A bit of small talk then upstairs where i was shown where the action would take place. A bedroom with mirrors and a massage table. I got my kit off and was shown to the bathroom where i had an assisted bath with Helen teasingly washing my bits which started to get me horny. She left me to dry off and then called me into the room where she was waiting dressed in bra, panties and hold-ups with her heels on. She looked very sexy. There was some mood music playing and with the low lighting it created a nice ambience. I lay face down and she applied some oils to my back and legs and started to massage using firm and light strokes interspersed with light kisses and occasionally teasing between my legs. After a while she removed her lingerie and slid on top of me pressing her breasts and pubic area into my back. I could feel her hard nipples and i was getting hard too! She took my hand and let me feel her breasts and pussy. After about 20 minutes of this it was time to turn over and more of the same except lots more attention to my cock which she oiled up and expertly fondled. Again she slithered up and down my body allowing me to touch her. I was rock hard but didn't want to come too soon so i started to have thoughts of Ann Widdecombe and that did the trick for a minute or two!! But Helens sexy handwork soon had me back to reality and wanking my cock in one hand she started to play with my nipples with the other and i could last no longer shooting my white stuff over my tum. After i had come back down to earth she cleaned me up and it was back in the bath to wash the oils off. Once dressed a bit more small talk, another drink then with a goodbye kiss i was on my way. Helen gives a great sensual service and at no time did i feel rushed. If you only try this kind of service once guys give it a go, you won't be disappointed.
