The Premises:

House on an estate not that far from the station. Area OK and safe. House an anonymous semi with parking in front which was useful as I had no change and parking was metered on the road. You could park for free in the nearby Lidl. House was basic - washing facilities OK and was given a towel - bedroom fulfilled purpose. Probably other girls working in the house.

The Lady:

Tall Polish girl with long dark hair. Girl next door type. Had bad skin on face but not unsightly. Had pretty smile and was a nice person. Lovely long slim body with smallish breasts and nice erect nipples. Was wearing a bikini on the day in question as it was, would you believe, a hot afternoon.

The Story:

We agreed on the time - she originally said 15 mins was ?30 but when I came back from a having a wash she said it was ?40. Her English was poor, but she must have had a minder who corrected her mistake!

I was given the choice between sex and oral. I chose sex, but started by going down between her long legs onto her delightful pussy. It was a nice neat pussy and tasted fresh. She was soon enjoying my ministrations and was writhing under my mouth and tongue. Her sighs became more and more rapid, until about 10 minutes of this she groaned and came beautifully, with much smiling and gratification.

On with the condom and pushed my cock in and out quickly in mish - too quickly as it happened as I came after a few strokes like in my youth - bugger! Still it had been a sexy encounter, and I'd like to go back and finish the job.
