The Story:

The pics of Annette on the purple site are genuine. She's quite a stunner in my eyes. She is polish, her english is a bit rough round the edges but you can get by.

Annette is one of many polish girls that provide outcall services all over London with a few exceptions (eg east & se London). You text them your address, time and length of booking, and they accept your request. After that its a postcode lottery as to whether they actually come and if they do it depends where you are on their list. Don't expect her to turn up at the requested time unless you're the first booking. Prepare for your patience to be tested, and when she doesn't turn up, prepare for bullshit excuses.

Eventually my one turned up. She looked fit and seemed friendly enough. Her boobs are definitely her best feature. Once we were both on the bed, I proceeded to kiss her but soon found she wasn't into full on snogging or dfk. Her owo however wasn't bad at all. As I'm quite into blondes and boobs, when it came to the sex, I didn't last very long. At the time I wasn't concerned about this thinking i won't have trouble getting it up again for round 2. But after annette used the bathroom she started to get dressed. After she confirmed to me that she was leaving, I said that I booked for 1 hr. Her reply was that you can only come once but next time you book you can come twice. So the total time she was here equates to over ?200 per hr! Very shrewd those poles! Apparently the girls gets to keep only half of the fee. The other half is split between the driver and the boss. Maybe the punter is not the only one being conned!
