The Story:

Fantastic session on a Mistress plus 1 assisting day. Teased tormented on my balls nipples and bottom. Was fisted by both mistresses and much to Mistress Racheal's surprise was able to take her as well with the aid of some poppers.

I would say the next item on the running order also took Mistress Racheal by surprise as i, being a good boy and doing my chores for the Mistresses, got to rim, lick and then probe even further with my fingers into Mistress Lisas divine bottom to get my choccy treat, not one two but three times.

I was then put on the cross and teased by Mistress Racheal while Lisa spread on the bed, spread her legs and played with her increasingly damp cunt in full view of us both.

Finished by fucking as demanded by my mistress in Doggy while she recalled the events of the session.

The next two questions below are a given.
