The Lady:

Lauren is a lovely girl, with fashion model looks and build, rather than glamour model. She is tall and slim, kind of girl next door looks, with beautiful dark hair, lovely eyes and pert gorgeous little tits.

The Story:

Having tried to fix up an appointment with a girl I have known for ages, but having found that she was fully booked the day I was free, I decided that I would take a chance on someone new. And having watched Laurens profile for a while decided I would give her a go.

I was a bit unsure whether to risk an eastern block girl, despite her seemingly good reviews, as I had visited an eastern European girl once before and had been ripped off. However, I am pleased I took the chance with Lauren as she is fantastic and a very nice honest sort of girl. She certainly paid me good attention and made we feel quickly at ease.

I was offered a shower at the start and finish, the room she was using had a good shower and clean dry towels. Lauren did not clock watch and gave me a great girl friend experience.

I found her very interesting to talk to and would have been more than happy to spend all day with her. I certainly enjoyed the experience left with a smile and will return another day.
