The Story:

In Leeds on business, feeling horny I called LT on the off- chance she may be available, and she was. Lucky me!

Now, I have seen this lady some time ago when she was working under another name and got quite a surprise when she came to the door because she has a super figure - certainly not a BBW any more, but not stick thin either.

I knew what to expect - and she did not disappoint - lots of kissing and cuddling and some fantastic raunchy horny sex. The blow job which is my favourite thing was amazing. She's dirty with it, slurping and licking and sucking my bulging balls Great eye contact too. There is no better way than to spend an afternoon getting hot and stick with a sexy lady who behaves like she really enjoys it.
