### The Premises:

A top floor flat moments from West Ham station. Access is down a alleyway. Wouldn't be safe when dark.

### The Lady:

A good looking Eastern European girl in her mid 20's. Dark hair good English small breasts, a little bit of belly. That's where the fun stops

### The Story:

She looked spaced out, drugs or drink possibly. She also asked me if I did drugs which was a bad sign. Before I even got my clothes off she tried to put a condom on. I asked her to remove her top and I started to touch her breasts but she said she didn't like it whilst keeping her trousers on. I tried to kiss her but she said no even though we agreed on the services on the phone before hand after 3 mins she wanted sex where she lied down and asked me to go on top after a few moments she looked dissatisfied which was a big turn off. I forced myself to cum. Then she started to text from her phone and look out of the window which got me slightly paranoid. I then said I was leaving after 10mins which she was surprised. I took a big gamble and lost which is a shame because she did look nice but she had to of been on something. one to really stay away from which is a shame because she could of made repeat custom
