The Premises:

Was relieved to find that the other reports about this place were all true - as safe a location as could have hoped for; residential street, lots of parking, no onlookers. Although I was nervous as hell, of course!

The Lady:

I had taken a long time deciding from what can only be called an amazing menu of girls this establishment has. I won't bore you with what she looked like - you can see everything you need to on the website, but Pixie in the flesh didn't disappoint at all.

The Story:

A great first notch in what will hopefully be very large belt of Annabella's girls. I was shown to the room by the 'housekeeper' (sounds like one of the girls you speak to on the phone), and as I said before, I was nervous as hell - this was only my third punt ever, and the other two were in Amsterdam so they don't really count. Basically, a wet dream come true. She was so into it that I had to remind her before I left that I needed to give her the cash! Lots of teasing to start, great OWO, then we knuckled down to it, and a perfect CIM finish (one of the best I've ever had). If you want a stunning blonde who will enjoy the thing as much as you, then this is your girl.
