The Lady:

Samantha is a well rounded mature lady - she is far from a BBW, but she has a beautiful sexy tummy and wonderful ivory breasts with hard nipples- she is a fully qualified Masseuse and as you will see from her website she offers a wide range of skills sufficient to satisfy all needs.

The Story:

I have been visiting Samantha on and off now for the last four or five years and have thoroughly enjoyed the excitement of being introduced to new examples of her professional expertise each time I have met her. She has magical hands and fingers, and a cupboard full of magical toys. You may need to talk to her gently to persuade her to reveal all of her skills which range from a gentle massage through to whatever your imagination takes you - this visit resulted in multiple orgasms which surprised me as well as her, particularly at my age? , she is far from being a clock-watcher and you always enjoy an assisted shower both before and after proceedings. ENJOY !
