The Premises:

Her place is a delightful period cottage down a well hidden dead end lane, so no passing traffic. She is located next to a barn converted to offices, so in the evening it is completely deserted. The only slightly unnerving factor being the security flood lights that come on when you pull up.

The Lady:

Blonde, vivacious and voluptuous, as well as incredibly sexy. Dora is probably about 5'8", and she has a wicked grin on her face that promises all the naughtiness that is about to ensue. I have been lucky enough to see Dora several times, and she is by far and away the best french kisser I have ever come across - so if you enjoy that then she is definitely the girl for you. She really is beautifully proportioned with plenty of the right sort of flesh to get intimate with, a lovely ample bosom, which is a delight to play with, just like the rest of her!

The Story:

I think I would say that of my many encounters with numerous delightful ladies Dora probably gives the best value in terms of ensuring that you spend far more time engaged in sexy activities. I am a terribly garrulous old git who enjoys chatting away to such an extent that I have wasted so much valuable playtime with so many ladies. But with Dora my mouth had no opportunity to ramble, because it was either engaged in deep french kissing for multiple minutes at a time, or it was engaged in giving her other sorts of oral pleasure, from which I think she derives a good deal of pleasure.

Dora is also a great conversationalist, who doesn't take herself too seriously, it probably would help if I was remotely interested in cricket, which sadly I am not, as she is an avid fan. She also keeps a number of horses, which she sees as her babies, so a bit of equine knowledge comes in handy, happily I do have some knowledge in that area. But whatever you talk about she is just great fun. But don't take my word for it, there is only one way to enjoy the Dora experience and that is to visit her- treat yourself, you won't regret it!
