The Premises:

Ground floor flat in busy main road 5 minutes walk from Wimbledon Railway and District Line stations. Victorian terrace house with a car parking space in front and no feeling of being watched. Small entry hall and into the bedroom with a double bed, soft lights and music and a good feeling.

The Lady:

Dark haired, voluptuous Indian lady with an impressive body, beautiful smile and lovely personality. Clean shaven and spotlessly clean and better in the flesh than the pictures.

The Story:

It took me over 30 years to pluck up the courage to visit a "professional" and boy was it worth the wait? I had been scouring the internet to find someone I really fancied and as I had never been with an Asian lady she fitted the requirements and dreams.

Handed over the cash and withing a short time her legs were round my head while I was still undressing. Only had oral (both ways) because that is all I wanted but and she took my sperm in her mouth without hesitation. Went out of the room to spit it out and came back to kiss, cuddle and chat. No rush at all and I left feeling great. Have returned for more of the same and next time will have to wear a condom and have sex. If I were a rich man I would be there every week at least.
