The Lady:

Early twenties, tanned and with perky tits, one pierced. She is pretty and petite with a few discrete tattoos.

The Story:

Sarah's phone manner was a bit abrupt but once in her house she was very welcoming and kissed passionately. She was a very open and friendly girl who gave good oral though I don't think she cares for it much. She has a very tight arse which will take a finger, but her pussy was much more receptive and took everything save the thumb. We kissed standing up, my hand getting her wet, and then fucked in the same position before falling across her bed to finish. She didn't clock watch and was willing throughout. Altogether an excellent fuck.
