The Premises:

her place is on a newish housing estate in a cul de sac and is very discreet and i felt very safe there is also parking on her drive which was good.

The Lady:

abbie is a slim lady with long blonde hair, great breasts and a really stunning face, she also has a great arse.

The Story:

i went along to see abbie and i was offered refreshments which i took up, we chatted for 5 minutes before abbie offered me a shower, i said yes as i wanted to wash as i hadnt had chance to do it earlier and i believe its always nicer for the girl if im clean. We then started kissing and abbie started using her tongue which was amazing, i still hadnt showered so after 5 minutes of kissing i went and jumped in and started showering and abbie asked if i wanted her to join me, yes i said id love you to, abbie then proceeded to soap my body and her hands wandering everywhere and all over my cock, she then started sucking me and licking my shaft and balls and it wasnt long before i was squirting in her mouth with abbie licking every last drop and swallowing. We then kissed again and then we went to the bedroom where we chatted and i must say that abbie has such an easy going personality and is also really funny but sexy as hell as well. I then found myself going hard again and started to lick abbie until she had one allmighty orgasm, then it was on with the condom where she sat on my cock riding me until we both came. We then layed and chatted some more and i must say that abbie is no clock watcher and i even went over my time but not once did she say anything about this. Abbie made me a very happy man and i had a smile on my face all day, i will be back to see her again very soon.
