The Premises:

Very nice flat in modern block near the centre of Leicester. Easy free parking outside.

The Lady:

Small, dark-haired Romanian girl with pretty face and good body.

The Story:

Great disappointment. She said before I got there she offered full GFE with FK, OWO etc. Unfortunately that was not true. She gave me rudimentary oral with no sucking and when I started giving her (very nice) boobs some attention, she said she did not like being touched there.

I asked about licking her pussy instead - again NO. What could I do? Basically just lie there and get a mediocre BJ or get stuck in. I chose the latter option and slipped from her mouth into a tight pussy and fairly quickly unloaded deep inside her.

Her command of English was poor so conversation was one sided. If you just want an attractive receptacle for your semen, Irenne will do. If you want a GFE, forget it.
