The Premises:

not applicable

The Lady:

paunchy mixed race lady, 30s, about 5'4" pretty face, caramel skin tone nice but long and matted hair, slight body odour problem. Pleasant demeanour. However nothing like the photos on the website which I can tell you are fake. Claimed to be Cuban, which I believe. Website identifies her as European, again, falsely.

The Story:

a little s and m, some hand relief. But the fact that the Agency GFE escorts, had baited and switched me took the edge off the fun as you can imagine.

What troubles me is all the positive views expressed on this board of this woman, surely it cannot be the same one? I suspect skullduggery on the agencies part. Maybe they have more than one woman sent out under this name. I am sure she would have some appeal even with accurate photos, but not to me.

Service Provider's Rebuttal

The agency writes:

The Agency Gfe London Escorts praise ourselves from the fact of being always reliable and honest with all clients, always telling the client when the escort they request is not available and suggesting somebody else, we never make a booking for one escort and send someone else instead.

All the escorts in Gfe London Escorts are 100% genuine.

The fact reported on this report is not known by us, making wonder why the author have only one report.

We invite further clients to book GFE girls with us and make their own report here from their experience.

Kind Regards
