The Lady:

She is a thin, petite woman with shoulder length hair. She has a beautiful, tight body and a round arse. Her boobs are probably b cup, but she has the nicest nipples (and very sensitive).

The Story:

She was very friendly, bubbly and easygoing. We talked for a while and then she asked me if I wanted a massage. The massage turned into groping, a 69 and all kinds of sex. She loves giving as well as receiving and honestly seems to enjoy herself. She stayed much longer than 1 hour. Not only is she great at sex (ALL positions) but she is also a lovely person and fun to be with. A true GFE experience (with the added "naughty" bonus that most girlfriends don't give)
