The Premises:

This place looks like it could do with a lick of paint but it's clean, there's a small car park at the rear of the premises but I wouldn't be happy to leave my car there for long as the area is a well known for break ins etc.

The massage room was small but very clean, would have felt happier if the door had a lock on it.

The Lady:

When I was introduced to her, she was wearing a skimpy bra top & mini skirt/thong combo & very sexy high heels. Sinitta is very slim with small pert boobs and shapely bum, got curves in the right places & was very clean, she is of a afro Caribbean descent which is mainly the reason why I chose her instead of the other girl, not to mention her strong Leeds accent, she reminded me a little of Mel B.

The Story:

She started off by gently massaging my back and lower body which felt very nice and then she started to run her hands in between my crack and started to tease me which had the desired effect. Then she massaged my front, slowly working her way down & then she asked me what extras I would like, I opted for owo & sex for an extra ?20.

Then she slowly caressed my member before giving me amazing owo, then I asked her if I could return the favour, so she jumped onto the bed and got into a 69 position, she seemed to enjoy it and was very wet & then on went the condom & she got on top and started riding me a bit to quickly so she stopped with me inside her and she then started kissing my neck and played with my nipples until I was ready to start again, quickly got into missionary & things were over very quickly.

I will definitely be seeing this lovely lady again
