The Story:

I'd been chatting to Amy, who runs Elite, about who to see, as my favourite, Ellie wasn't working on the night in question, and after several rounds of likes/don't likes, do's/don'ts? Amy finally recommended I have a session with April. What a good choice! When I arrived at the Apartment April had a really tight, really short black dress on that literally stuck to her body, with high heels and tanned legs ... she took my breath away ? what a SHAPE! The curves just flow, and she has the tiniest of waists, but really nice hips ... not skinny all the way, teamed with a natural, mid-sized set above AND a really pretty face. You know the look? Outside an upmarket nightclub ... the best girl there? THAT LOOK...

We had a nice chat in the kitchen and a drink, getting to know the score, and I ran off for a quick shower (only 10 mins from home, but always shower again). April was waiting on the bed, and during and amongst chatting about this and that, very natural it was, we started with a really nice full-on snog ... touchy feely all good! ... the dress had come off, and I was starkers after the shower. April has the most amazing body and I had to keep having a good look ... it's so toned, not an ounce of anything anywhere! Incredible!

She tans regularly and it shows, in fact the only 2 white lines I could find were just under her bum! And I had to go as-searching for those ... her bum is just wonderful! Literally 2 gorgeous shapes each side of the honey pot, and so toned again ... April reckons she doesn't train and eats what she wants ... nandos, burgers, just about anything ? but if that's true then she's soooo lucky ... couldn't get over the shape and look of her body ...

then she started owo ... really nice, and I was able to have a real good feel around as she positioned herself perfectly so I could reach all the good bits (all the bits are good!) ...

April doesn't seem to have any hang-ups and obviously seemed to trust me to behave correctly! Lol ... after about 10 mins we reversed positions and I went to work with the fingers and tongue ... she squirmed around and grabbed my head at the important points, nearly suffocating me at one point! But what a way to have gone ... she came mightily and used words that I was surprised such a pretty young thing could utter! Xx

Back to oral on me, and round 1 ended in a fairly predictable way for me, as I let fly all over her brilliant chest, and it continued up and over her lovely face framing her in the white lines we all love ... phew ...

Round 2 continued with more of the same, and a real good shagging session in all the usual positions ? ending up, of course, in doggy where I went real slow to appreciate that fantastic bum! I can't tell you how good her shape is ... fabulous..

if I could draw shapes, and I could draw the shape of a woman it would be April ? she's that good ...

anyway, it all ended about on time, well spent I was, and really cheered up ? that's a measure of a good punt to me ... how I feel afterwards, nearly as much as during, and I have to say I was really happy ...

Thanks to April ? you're a star, and a BIG thanks to Amy for spending time with me to select such a gem!
