The Premises:

Arrived a little early possibly due to the excitement of a first time punt and was greeted by the very bubbly Debbie (now immortalised in Punternet lore), the owner of the establishment. She answered the door very promptly and so time outside was minimal. Amy was caught in traffic and I was made to feel very welcome with conversation and offers of drinks .. even a sandwich that Tina spotted me coveting..

The Lady:

Amy is a breathtaking with a great pair of tits, but if you are wondering about looks as her face is obscured in the website photos, be assured that she is a slim but shapely lady...- no waifs here- ample and buxom in all the right places with a body built for hedonistic sex. That she is blessed with a keen intellect and pretty face that switches effortlessly into pure naughtiness was also a bonus.

The Story:

OK, so been lurking on here and decided to register for the express purpose of sharing how thrilled I was with Amy.

Amy expertly and professionally established rapport; remembering that I was a nervous first timer seeking OWO, sex, CIM and prostate massage. She understands sexual health, the mental component of the ultimate orgasm and knows how to pace a session. Won't go into all the details but she is an expert at OWO and a CIM specialist and I must have shot a huuge load there since it could not be contained...havent cum that hard in ages..(Amy knows this isnt an overstatement - I dont exaggerate). On that note, please believe that this review is only but a glimpse of a truly fantastic time one could be having with this charming, friendly and reassuring lady. Went there looking for a PSE but got so much more out of the session and I know I shall be visiting again!
