The Story:

Torri has a penchant for lingerie which looked fabulous on her body. A glass of wine, a quick chat and she started proceedings by climbing aboard me and began some very erotic DFK. Bedroom beckoned, so we spent the next hour doing what adults do. Torri is friendly, smiley, accomodating and has a foot fetish which I discovered by accident. I don't like coming in a condom so Torri obligingly solved this problem with her mouth. 10 out of 10. A little pocket rocket!
