This women is seriously overweight, close to 50 badly bleached hair and stretch marked body, certainly not a big beautiful body she described on phone only positive she was dressed nice and clean

The Story:

Was in the mood to try something different, so was offered a big lady size 18 (she was bigger than a 18) have to admit i was intrigued never has a bbw before, when Helen called me back was kind of put off with her abrasive Irish accent, but she has the patter and she?s up for anything and will do anything asked, so appointment was organised. I have to admit i considered cancelling and was close to doing this right up till she opened the door and i really wish i did take to my heels and ran.

She instantly took charge, as she undressed my stomach was lurching i knew this was a mistake, i closed my eyes as she attempted to give me owo, finally gave up and asked her to turn over so i could take her from behind but she was so big this was impossible, only option was anal at extra charge. I had to keep my eyes closed and think about having sex with someone else to shag this fat walrus finished off thinking about my wife in the bath, that did the trick and that?s a first for my 10 years of punting that I?ve ever had to do this, got dressed and left, very disappointed with my first ever encounter with a large lady, I can safely say i will never be revisiting this women. Wish i had requested a photo before appointment I?m sure there are big women out there who can pull off the bbw and have the looks to work in this area but Helen is certainty not one of them , one for the bucket list though.
