### The Story:

I would like to keep my comments short and to the point, so read on.

Jasmin is a true professional that gave me her undivided attention I wont go into too much detail, she is very open, welcoming and polite, what a difference it makes to have a girl ask your name. Her Service which I plumped for is a real experience - it includes massage, toy show, sex in several positions and completion all over Jasmin's Boddy so just dream of what you would like and that what you will get, I sure did, plus the added bonus was Jasmin has a good brain and knows how to satisfy a mans desires Hot lips for sure
