The Premises:

Nice flat in a discrete location to the back of Liverpool Street off of a private courtyard with entry phone. A comfortable place to arrive at.

The Lady:

Always difficult to be certain about age, but late twenties or maybe more early thirties. Tall, trim, but not anorexic with a nice body, a pretty face and cute, real breasts and a nicely shaved pussy that is a pleasure to go down on. Photos on site give you a good sense of the lady herself, but don't convey her attitude, or personality, both of which are great.

The Story:

Have seen Kat three times, which puts her in second place on my all-time list. Although it is obviously a business transaction, feels much more consensual than with many a girl. She is a smart lady and good to talk to. Also has a great attitude to sex and is fun to be with. She still turns me on after having been with her multiple times and has the great trick of making you feel that at least some of this is mutual. I certainly have felt able to be myself and have enjoyed Kat each time. A recommended punt for someone looking beyond a clinical and dispassionate hook-up. Great sex that feels more than a one-way street.
