The Lady:

Looked nothing like her main picture. She convinced me she was the girl in the photos but they were from years back. Size 6 in the photo, size 8/10 in real life.

The Story:

She was very friendly and talkative and made me feel relaxed and welcome, that's the good part. But she wasted a lot of time forcing me to take a shower even though I told her I had taken one just before I left home, and when we got down to business she started complaining about how big I was even before I got near to her. I've seen plenty of other ladies before and have had plenty of girlfriends and never had anyone react this way. It just felt like she wasn't into it today but still she was quite happy to take the money. Left feeling like I'd wasted my time and my hard earned money
