The Premises:

I had seen Cherry twice before and she is still working from the same flat, although a different room. It is in a quite, safe, residential area. Her flat is scrupulously clean, (more later).

The Lady:

Cherry wore high-heeled boots and a PVC outfit. As I mentioned in my previous report, Cherry smiles and laughs a lot, which is not what you would expect from her pictures.

The Story:

I had a business lunch cancelled, so I was at a loose end at short notice. I had good memories of my two visits to Cherry several months ago and thought that this was a good opportunity to see her again. Cherry took the booking at quite short notice. Cherry had little more than an hour to get ready but greeted me with a huge smile, like an old friend. It turned out that, since in my previous review I had mentioned that Cherry had refunded me a slight overpayment, that this event had been mentioned by several later clients. So, we opened up with a discussion of morality (like you do!) Cherry explained that, if a client extends or over-runs and an additional payment is appropriate, then that is fair payment. If a client makes a genuine mistake, then that money was never hers and she returns it. So, to the main part of our booking. I revisited Cherry for a reprise of her speciality; with the addition that I had decided that Cherry should pop my anal cherry. So, we started out with a signature Cherry tie-and-tease with a bonus cock-ring. After a bit, Cherry asked me what more I wanted before she popped me, so I said that I wanted to make her happy, too. "I had better untie you, then, said she." So, I spent a while stimulating her with RO but she did announce that she was not going to give in a let me make her cum. I asked her why? and she said that she did not want to lose any interest if she did, receiving the reply "You're the prettiest man I ever met!" So, this period was one of the two when Cherry was not full of smiles, since she seemed much too preoccupied. Once she could take no more without breaking her commitment not to cum, she proceeded to very gently pop my cherry and relieve me at the same time, using a mercifully miniscule strapon. After I was well and truly finished, i was asked if I wanted a relaxing massage. I said that I preferred to spend my time kissing and cuddling her, which lead into the second part of her not smiling. There were lots of Oh's and Ah's and her hand involuntarily fluttering to her pussy while I was kissing her and paying court to her top half. Cherry managed to break off in time to offer me a second round and I was able to remember the girlish giggle that she gives just before I felt her

lips around my shaft. Cherry managed to make good her promise before I had a quick shower and returned to her room to find her changing the sheet and pillow-cases. I said that I thought that we had not been that sweaty, but she explained that she always puts fresh linen on the bed after every visit, as this makes the experience better for the client.

So, I return to the theme of my previous review, in that Cherry seems a bit of a one-off: a mature, pretty, lady who just enjoys herself in bringing her clients slowly to a preferably-restrained, gentle, explosion while being perfectly capable of enjoying herself at the same time. Do not think Mistress, think sexy nurse and your expectations will be closer to reality.
