The Premises:

Nice house in quiet residential area on the outskirts of Rainham in Kent.

The Lady:

Light brown skin, quite a lot of make-up on face. Gorgeous body and large full breasts but didn't see her fully naked as she refused to take off basque.

The Story:

Should have followed my gut feeling when i saw this lady as knew this would be a rushed booking. I like a bit of a build up and a gfe but she just told me to take my clothes off whilst she fiddled with her tablet trying to get some music. Invited me onto the bed and started to touch her whilst she continued to play with her tablet. Asked her to take off her basque but she refused. She then said she was going to give me oral and this consisted of her putting the condom on with her mouth (THAT WAS IT). As soon as i got hard she jumped on top and after 20 seconds announced she was coming (Bloody hell i must be an incredible lover!!) I quickly suggested a change of position to mish and again after about 20 seconds guess what.. yes she was about to come!! She then pulled me out and i hadnt come. Girls like this really do make me hate punting, complete piss take .
