The Story:

I'm another kind of First timer customer Who's been itching to see "Nana". I was pretty dissappointed for my first (3 calls) trying to book her, because she was always booked up. When I finally came for 'The Day' I felt like a school boy who turned up at his first ever lesson! Was quite Shy at First, but Nana was so Nice and made me feel relaxed to shake off that shyness away.... not too long, and I have become more open ang ready for her. she offered me a drink, and she told me to just relax and not to worry about the hour and just to feel at home. Nana was so warm, she kept telling me jokes and she really is just a normal girl who you can easily adapt to right away, like making new friends and you really get on, on your first meeting. This was quite different from other booking that i have had.

Nana ask me what kind of things I enjoy receiving, I told her few things and I was in Heaven we were at it all the way and I could not be as fit as her... The next thing I know, I really have to go as I was already knackered., She then said to me that I have not even been to her Bathroom yet., she said, We still have to do her Full service, and she normally does some stunts in the tub, I told her that I will have to experience that for my Next Appointment with her.

That 1 hour was so satisfying yet, the feeling of wanting to stay longer with her is another., So I will try and definitely book her again, and This time... I will try the 2 hr session.

As I was hurrying myself to get dressed she even offered me to take away a drink or help myself for a cigarrate on my way out. This girl is naturally nice.
