The Premises:

Discret flat in residential area Milton Keynes. 5 min by taxi from train station or 20 min walking distance.

The Lady:

Blonde english girl, late 20s with massive breast. Her pictures are not totally accurate, her body is not completely fit. In sum, I was expecting more.

The Story:

The main problem was her bad attitude. I accepted that I was the last customer of the day but before to book her I made this point clear with the receptionist in order to get a good service but this was not the case. She was watching the clock all the time and trying to finish as soon as possible, in that way is impossible to be pleased.
