The Lady:

Early 30's with short black hair, green eyes, a superbly toned physique, long legs, satin soft skin, enhanced breasts which were pert but also lovely and soft and topped off by the most exquisite nipples you are ever likely to see, and a bottom that would put Kylie to shame.

The Story:

I had been hoping to meet Gena for quite some time based purely on positive comments about her on the Punternet forum, but had not managed to be in the right place at the right time until this week. I'd Originally booked for 11.00am but had to wait an hour as Gena could not get into the room until 12.00 but it was certainly worth the wait. Gena answered the door in white/black underwear and looked absolutely stunning, I always thought she looked hot in photographs I'd seen before hand but in the flesh she's way better. I won't go into too much detail about services offered but I would describe our time together as a top level GFE. I have no doubt she could pull off an amazing PSE if the meeting went in that direction but ours didn't and that suited me down to the ground on this occasion. Gena was incredibly welcoming, warm, friendly and as sexy as hell. She asked if I minded her leaving her phone on vibrate and even though it was 'going off' at regular intervals she never once looked at it during our time together. After we'd finished and cleaned up we had 10 mins or so left so we lay on the bed in each others arms and chatted like old friends, I don't think I've ever felt as comfortable in the company of someone I'd only known for 30 minutes. I don't often see the same lady twice but will make an exception for Gena, a lovely lady, totally 'sex on legs' and I really can't recommend her highly enough.
