The Lady:

British with a local accent, reported on website as being 29 which seems about right, petite in height, slim, small breasts, fully shaved between the legs, very attractive in a girl next door sort of way.

The Story:

Lauren arrived a couple of minutes early and immediately asked to use the bathroom to freshen re-emerging bang on the appointed hour. She was far fresher looking than I was expecting based on the truncated photos on the agency's website and I found myself fancying her.

After a couple minutes of icebreaking chat, we were talking like old friends and this throughout the subsequent hour threatened to eclipse the main event as a quip by one or the other soon developed into a dialogue. It was all part of the fun and I soon found myself warming to her a great deal.

The main course was a convincingly played GFE with plenty of DFK, OWO, RO as well as exploration of her lovely body. Intercourse was in a variety of positions and proceedings were concluded by mouth culminating with CIM.

More chatter during the post coital wind down until the sudden realisation that we had overshot the hour caused her to leap up and hastily dress.

An excellent experience throughout - the hotel room seemed so much emptier after she'd left.

On a separate note, I see that Prestige have now changed their website. A good move. It's much better than the previous one and conveys the highly professional image that my other dealings with them have confirmed.
