### The Story:

Brooke is a trained masseuse, and a topless massage is her main offering. However, a Happy Ending is also very much on offer, extending to OWO but not to full sex.

She is good company and was interested to hear of my punting adventures since I last saw her some months before this visit. Her massage is soft, thorough and very moreish; I am already planning my next visit. A highlight of the memorable event was the thrilling touch of her breasts as she performed the massage, seemingly casual, perhaps unintentional (but I don't think so...).

Then the finale. The warm, slow, oiled caress of her breasts over my cock several times, before her lips and tongue went down on me. Within moments I had passed the point of no return.

Brooke delivers a sexual charge second to none.
