The Premises:

Small terraced house, very smart, clean and tidy. Parked car on drive and highish hedges gave an air of security and discretion.

The Lady:

Average height, slim, short tousled ash blonde hair, very attractive. Age wise I've no idea. She could have been anything from early thirties to mid-forties. Certainly she was very attractive with a slim body and a pretty face and an incredibly sexy manner.

The Story:

I was shown into a bedroom where I shed my clothes and thence into the bathroom where a hot bath awaited. This was particularly inviting as a) I hadn't had a bath in years and b) I was camping up in Yorkshire for the weekend and hadn't had a shower that morning either. While I relaxed in the bath Helen ascertained that my periscope was still working and then left me to my ablutions so naturally I had a shave as well (I'd brought my toilet bag in from the car). By now thoroughly relaxed I entered the 'Experience' room where Helen lay naked on the massage table. I then proceeded to a give a feeble impersonation of a reverse massage which, thankfully was over fairly quickly. Then the real experience began. I can only describe as the nearest I've ever come to sexual intercourse without actually achieving it. It must be the ultimate tease and I can heartily recommend it to anyone with any interest in the opposite sex. To describe it as a massage does not do it justice. To call it a happy ending is an insult. It was the most intense non-sexual encounter I have ever experienced. I am left wishing I lived in Leeds and there can't be many who have said that.

Visit this lady at your peril, life will never be the same afterwards. I will most certainly return, again and again.
