### The Story:

Threesomes are my thing and other aficionados of this particular aspect of punting know there is an element of trial and error and sometimes outright luck to choosing the right two girls. In my case 40% have been out and out interactive 20% reasonably so and 40% just a case of two girls being in the same room.

Well I hit the jackpot here with both girls well off the richter scale. Demi entered first and we were busy making out against the wall before we could catch our breath. Carla entered five minutes later to find us snogging in a state of partial undress.

From there on it was like a helter skelter of three way interactivity, full on, no holes barred sex with both girls pleasuring each other with tongues and fingers.

Carla had another appointment after 40 minutes and Demi took care of me for the last quarter with more snogging, mutual masturbation and a final CIM.

Outstanding session the girls enthusiasm cannot be underestimated.
