### The Premises:

A well reported establishment. I was not impressed with my previous visit, as the room I went into for the soap-suds massage was sparsely furnished. I opted for the more traditional service on this occasion and was shown to a more acceptable room, with bed and a shower, despite that being very cold.

### The Lady:

Megan is no anorexic model, sporting a size 16 frame with a large natural bust. A pleasant girl, who proved chatty and committed to her profession.

### The Story:

I am not a man not to give a place a second chance. Happily, this time, the event proved to be a worthy encounter. Megan?s massage was certainly relaxing, using a circular firm technique. Other services were performed to a very satisfactory level. Megan was not a clock-watcher. Her cleanliness is immaculate and she even took a shower afterwards whilst I redressed. She is true to herself and I am certain that she would not be demure about the website?s claim, that she is a big girl. However, if you know what you want, then there is nothing wrong with this. Although I am OK with larger girls, I would on average prefer something at the opposite end. Her attitude, conduct and service can not be faulted though and I am sure that she will provide much pleasure for many a punter.
