The Premises:

Easy to find, but she will not give out her post code ? just directions when you drive. She lives in a rundown house, with at least 2 other Romanian ladies. The place is ?basic? clean, a shower with broken head, but at least it has hot water.

The Lady:

Erica is a young brunette, slim, with perky breasts and a nice ass. Her English is poor, but I was not there to talk. She told me she was Romanian, but I also heard that she could have been Hungarian, so not totally sure of her nationality.

The Story:

On the whole, her level of service was poor. Her oral skills were bad and she did not really want to do it. She could not manage hand relief for very long either. There was no kissing, she just wanted you to have sex with her to get it over with. So while I banged away, she would play with the music on her lap top on with her phone. She was up for all positions and a very pretty lady. So was a good notch on the bed post, but a poor shag.
