The Premises:

Very clean basement flat in a nice quiet street, 2 mins walk from Gloucester Road tube.

The Lady:

Very beautiful 23-year old from Moldova, photos are 100% accurate. Huge natural breasts that somehow do not need a bra - definitely natural wonders of the world. She has been in London for three months, and her English was OK so long as I kept my sentences short and simple.

The Story:

Things were a little awkward at first. Charlenne was pretty keen to get into things, and small talk was a little hard given my limited Moldovan. She had dressed as a Secretary as I asked, but didn't really indulge the fantasy at all - pretty much pulled off our clothes and had me on the bed without any need for a shower or a clean-up.

Covered O was very good (I did not ask for OWO, not sure I feel good about it), and after a while she scooted around so I could use some fingers to get her nice and wet as she warmed me up.

We did a little mish and doggy, but I was pretty jazzed from simply banging a woman beautiful enough to stop traffic like her. She did a good job of smiling at me with lots of eye contact and she was giving my balls a great massage as I banged. She was really tight (she did ask me to start gently because I was her first today, which I was happy to do), and those tits are always there for a good squeeze. After about 10 mins I asked her to head back to mish and I simply drilled her until I came like a horse - all in all I couldn't think of anything other than blowing my load from the time I first got in her.

Afterwards she gave me a nice back massage, after admitting she was no expert, but she did a pretty good job all the same. We had about 25 minutes left, and tried to chat, but to be honest there wasn't much connection for me other than the fact she is drop dead gorgeous, and it was getting pretty awkward. She would have let me go again, but I had the feeling I would rather just leave with good memories, so I called time early.

Not sure if I'll go back - she was certainly enthusiastic, if a little uninspired, but that may have been more down to my frame of mind than hers. If I leave it a month or two I expect her English will have improved and communication might be less functional.
